

BASIC JAIL ADMINISTRATION TRAINING

The Correctional Management Institute of Texas is offering a comprehensive week-long Basic Jail Administration Training for individuals responsible for County jail operations. The training will be held at the George J. Beto Criminal Justice Center in Huntsville, Texas. The program was developed in conjunction with the Sheriff's Association of Texas, the Texas Jail Association, and the Texas Association of Counties to provide critical information to individuals operating Texas county jails.

Selected participants in this 40-hour program will be provided information relating to jail administration including, risk management, jail standards, policies and procedures, jail staffing, budget management, and inmate supervision. In addition, topics such as leadership skills, management techniques, strategic planning, and influencing the organizational culture will also be part of the curriculum. The program is presented by state and nationally recognized instructors with experience in jail or county operations.
